You like to watch movies at the Grindel Kino? To ensure that you will be able to visit this nice theater in the future, we require your help.

- Spread the word among your friends, relatives and fellow students and persuade them to come and see films at the Grindel Kino.
- Leave your signature to save the Grindel Kino

Otherwise it may become sad reality that there will be no Grindel Kino next year. Together we can do our best to avoid expensive flats being built in its place. Because:

We have a Chance!

Only at the Grindel Kino you find:

- „Sneakpreview“ in the original English version every Monday
- „Familietherapie“ (family therapy - films for the whole family) every Saturday and Sunday afternoon
- „Traumkino“ (a special treat of movies including cake and coffee aimed at the older generation)
- Digital 3D Films
- Live Music in the „Director’s Lounge“ every Friday and Saturday

Additionally:

“do not translate“

International cult movies, classics & blockbusters in the original English version. This makes the Grindel Kino a unique movie theater in Hamburg.

And - of course - dubbed movies in German.

Thank you for your support!
